Personal Journal

Why do you think Queen Jezebel threatens Elijah with death, instead of thanking him for bringing an end to the three years of drought?

After all the ways God took care of Elijah, why do you think Queen Jezebel's death threat caused Elijah to run away?

What did I learn about God?

What did I learn about myself?

What will I do with what I just learned?

What do you learn about God from the way He interacts with Elijah?
