Notes

What thoughts do you think went through the mind of the Samaritian before he helped the injured man?

How would you explain Deuteronomy 6:5, which is the verse the lawyer quoted as part of his answer to Jesus' question (Luke 10:27)?

What do you think causes people to become calloused to the needs of others?

How is Jesus like the Samaritan?

What did I learn about God?

What did I learn about myself?

What will I do with what I just learned?
